

Arlington Rural Community CIC

**Flat bread basket
workshop. Saturday 25
April 2026
The Education Barn, Home
Farm, Arlington.**

**A 5 hour workshop from 10am-3pm.
Cost: £45 per person**

Come and join local basket maker Jane Platten and learn how to make a useful flat bread basket. It is a friendly and welcoming workshop, where we learn together and explore the slow rhythm of weaving. Attendees will be using local willow to each make a shallow basket, ideal for serving bread and dips, or displaying fruit.

We will work together, and you will learn to make a base, then a traditional stake and strand basket.

This workshop is ideal for those who have attended a previous workshop with Jane, as we will revise some of the skills you have already gained. It is also perfect for complete beginners. All materials are included in the course fee.

What to bring:

Please bring along secateurs if you have them, and a water spray bottle if you have one. You may prefer to wear an apron, or old clothes, and please wear shoes which cover your feet.

Please reserve a place on the course through john@brinscombe.co.uk
